

Intelligent Toilets

THE BOLD LOOK
OF **KOHLER**®

Once in a great while,
something new comes along
that makes you wonder how
you ever lived without it.

Discover what you've been missing.

Intelligent Toilets

It's easy to take your toilet for granted, but we think toilets play an important role in your bathroom. A better toilet provides a better clean, a cleaner kind of clean. Intelligent toilets feature next-generation technology. So when you want to create a spa-like bathroom, consider a toilet that can live up to those expectations—a toilet so cleansing, so comforting, you'll wonder how you lived without it.

THE BOLD LOOK
OF **KOHLER**®

The modern design trend is gravitating toward a seamless approach to technology. KOHLER® intelligent toilets epitomize this approach with clean lines and leading-edge designs that make a stunning statement in any bathroom. They can be found in world-class buildings the world over, but they're equally at home in your own bathroom. Every intelligent toilet provides a full suite of unrivaled features and amenities designed to keep you comfortable and clean so that you feel confident and self-assured.

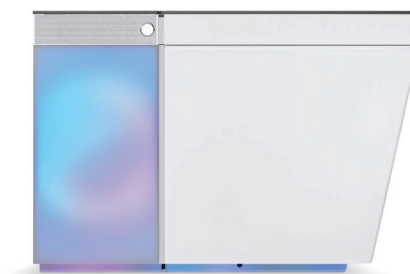

From soft and graceful to angular and dramatic, intelligent toilets offer aesthetic versatility to complement nearly any bathroom design style, from traditional to contemporary. Thoughtful details, such as the KOHLER® finish accent bands on the Eir™ toilet or adjustable ambient lighting on the Numi® 2.0 toilet, allow you to further customize and personalize your ideal bathroom space.

Sculpted Design Lines

Whether you're designing for a traditional or modern bathroom, KOHLER intelligent toilets offer carefully crafted, perfectly proportioned contours and profiles, making them as much a statement of style as they are a functional delight.

Seamless Integration of Technology

Because design is as much about how something works as what it looks like, intelligent toilets feature intuitive technologies, like touch-screen remote controls and automatic deodorization, with surprising simplicity and delightful functionality.

Accent Bands

Rose Gold, Sunrise Gold or White accent bands make a sleek and coordinated style statement.

Karing® 2.0 Intelligent Toilet

KOHLER® intelligent toilets feature water cleansing as a refreshing alternative to toilet tissue alone. They give you complete control over the entire experience with intuitive controls. And they will leave you feeling confident, assured and cleaner than clean.

Self-Cleaning Wand

The cleansing wand rinses itself with electrolyzed water, for enhanced cleanliness, before and after use. In addition, all models feature a stainless steel wand that is automatically cleaned with UV light every 24 hours for hygienic assurance.

Warm-Water Cleansing

Warm-water cleansing, available on some models, is a refreshing alternative to toilet tissue alone and will leave you feeling a cleaner kind of clean.

Adjustable Temperature, Pressure and Position

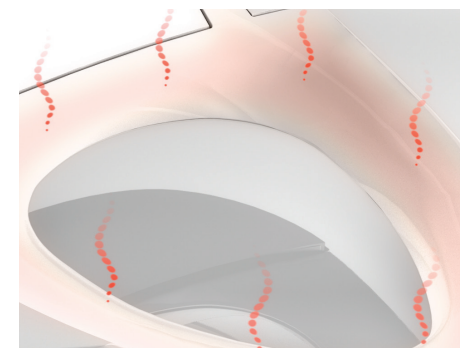

Personalize your entire experience by easily adjusting the water temperature, pressure and spray position with intuitive controls.

KOHLER® intelligent toilets feature heated seats and warm-air dryers for unrivaled comfort and nightlights for convenience.

Nightlight

A built-in light sensor automatically turns the nightlight on in dim light. It will help guide you to the toilet without having to turn on your overhead lights and disturb your nighttime vision or someone sleeping in the next room.

Heated Seat

Kohler's ergonomically designed seats are heated, and the temperature can be adjusted for optimal comfort.

Warm-Air Dryer

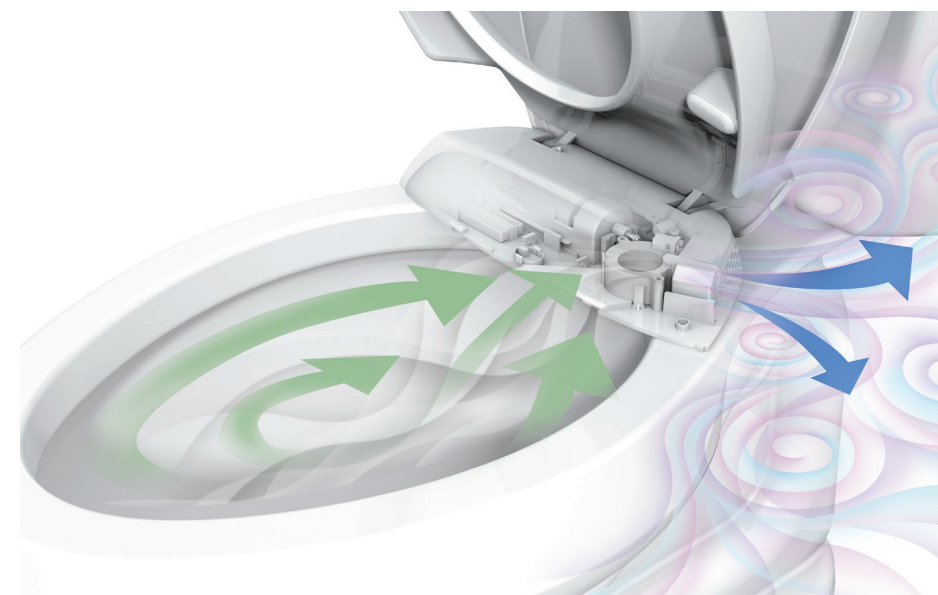

The warm-air dryer can be adjusted to customize your experience and assists in the drying process to help provide personal comfort and assurance.

KOHLER® intelligent toilets add cleanliness and convenience with hands-free operation and automatic deodorization.

Hands-Free Lid and Flush

The motion-activated lid on our intelligent toilets senses your presence and automatically raises and closes for you. Once you're done, the toilet automatically flushes itself. The hands-free operation is cleaner because there are fewer germs to pick up or leave behind.

Deodorizing Seat

Upon sitting down, a fan is activated, which pulls air from the toilet bowl through a carbon filter to remove odors and help keep your bathroom fresh.

Pre-Use Bowl Mist

On some models, the bowl is automatically misted prior to use for more effective rinsing while flushing.

Whether you're looking for a gentle cleansing or a cleaner alternative to toilet tissue alone, KOHLER® intelligent toilets let you choose and adjust your experience with intuitive controls and convenient presets (on certain models, see page 18-19).

Touch-Screen Remote

The intuitive touch-screen remote can be mounted to the wall and works like a smartphone, allowing you to adjust the toilet's settings to your preferences.

Personalized Presets

On select models, you can program the user presets for water pressure, temperature and more, so they will be set exactly to your preferences for future use.

Available with the Numi® 2.0 toilet, KOHLER® Konnect® technology allows you to create a multisensory experience with voice-activated lighting, sound and Amazon Alexa connectivity. Its customizable and intuitive functionality seamlessly integrates with your daily routine to make every moment a little more efficient and delightful.

Built-In Amazon Alexa

Manage your calendar, check the weather or make purchases during your morning routine.

Order shampoo and conditioner.

What time is my first meeting today?

Hands-Free Control

Control the Numi 2.0 toilet and other connected smart home devices using your voice.

Flush my toilet.

Set the heat to 66 degrees.

Customizable

Create personalized settings with associated voice commands.

Turn on the heated seat.

Play music.

Smartphone App

Program your preferences and control all of your KOHLER® Konnect devices—from anywhere in the world.

Numi® 2.0 Intelligent Toilet

No matter which intelligent toilet you choose, you can count on exceptional flushing performance, luxurious comfort, striking design and confidence-inspiring personal cleansing. Stop wondering, and discover what you’ve been missing.
